Welcome back to the Eagles Class

Year 3/4 | Spring

Welcome back, Eagles, to a term bursting with excitement! I hope your Christmas break was filled with joy and festivities because now, it's time to dive headfirst into a Spring term. Get ready for an exhilarating journey as we explore the extreme wonders of our planet in our thought-provoking geography topic. Together, we'll unravel the mysteries that make the Earth truly exceptional. Brace yourselves for the explosive world of avalanches that promises to ignite your curiosity and erupt with fascinating knowledge. In the realm of art, we will be painting basing our work on Hokusai and his wave prints. Science will take you on a captivating voyage into the fascinating states of matter and the mesmerizing transformations of materials. Our exploration doesn't stop there! In PE we will be exploring the realms of dance, and in our RE lessons, we'll delve into the profound concept of salvation, adding depth to our understanding of faith and spirituality. Meanwhile, in our PSHE sessions, prepare to be empowered as we focus on keeping every one of you safe, uncovering your unique qualities, and reflecting on your vital roles within our society. This is just a tantalizing glimpse of the incredible term ahead, building up to the vibrant new life of Easter and the sweet indulgence of chocolate it brings!

Art work and writing from Autumn Term.
