"Do Everything in Love" 1 Corinthians 16:14

Friday 23rd June 2023

A wonderfully warm week with a light breeze graced us this week. Over the last few weeks we have been focusing on our amazing creation that God has instructed us to care and love. We had visitors from St Botolph's Church to share a message that linked creation to the love that God has for us. The beauty of nature reminds me of all the things I am grateful for.... and how blessed I am to have such incredible school family.

Mrs Brown (year 3) organised the most incredible visitors yesterday to share in our learning on "is conflict ever justified?" The children learnt all about life during WW2, saw many items and learnt more about the experiences of those who gave their lives so bravely to ensure our safety and freedom. Many parents and carers took their children after school to see the vehicles, it was a wonderful opportunity from the organisers of Wicksteed at War. We thank them for giving of their time so generously. This is another reminder of our responsibility to bring peace into the world. (pictures on page 3).

With warm wishes,

Diane Wright MA (Education)

HEADTEACHER
