

Welcome to Dove Class

Year 6

Autumn

Welcome 6, I hope you and your families have had a wonderful Summer and are rested and ready to start the new year with enthusiasm. We welcome you back to an exciting new year, with many interesting topics. We begin by delving far back in history to the stone age and iron age, where we will consider if we would, 'Thrive or survive.' Through this topic we discover where these early people settled, how they lived and how as historians we have evidence to support these ideas. In art, we will be learning about colour theory and will learn how to create layered prints. In Science, we will be studying humans and animals including lifecycles, living things and life processes and we will consider how religion helps people deal with difficult times in RE. Our PSHE lessons, will continue to help us to stay safe and speak out, identify our special qualities and consider our role in society.
