

Friday 3rd November 2023

On Monday all staff were trained in a new approach to raise standards called - Talk for Reading. Data from focus schools shows outstanding progress and outcomes for children. Talking encourages children to get great understanding of words, this has a huge impact on their life chances. The more you talk with your child, the more words they understand!

Our maths topic has started well with our work on money. Why not try some of these games to help your child.

KS1 - <https://www.bbc.co.uk/bitesize/topics/zp8dmp3>

KS2 - <https://www.bbc.co.uk/bitesize/topics/z8yv4wx>

This week we had the privilege of welcoming Christian, who attended St Mary's to talk with our children during worship. He is currently at Bishop Stopford studying 6 A levels. His dream is to study quantum physics at Oxford University. Look how cute he was when he joined us in EYFS

This term, our value is HOPE. We are focusing on the scripture: Jeremiah 29 "For I know the plans I have for you".

We know that our children are destined for great things and will do all we can to support them to achieve. We know you will support them on their journey to success

Best Wishes,

Diane Wright MA (Education)
HEADTEACHER
