

St Mary's CEVA Primary School

SEND: policy and procedure

Reviewed: Sep 2024

Next review due September 2025

Our policy has been created in line with 'Flourishing for all', 'Fruits of the Spirit: Character Education' and the 'Church of England's Vision for Education: Deeply Christian; Serving the common good'. Staff and governors have been made aware of these documents which form the foundation for the school's ethos, decision-making process and policy design.

We have also carefully considered and analysed the impact of this policy on equality and the possible implications for pupils with protected characteristics, as part of our commitment to meet the Public Sector Equality Duty (PSED) requirement to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations.

1. Aims

Our SEN policy and information report aims to:

- Set out how our school will support and make provision for pupils with special educational needs (SEN)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEN

Inclusion Statement

- We endeavour to achieve complete inclusion of all our children
- Teachers provide strategies, interventions and scaffolding of learning opportunities for all children within our school and provide materials to pique children's interests and natural curiosity. This ensures that all children have a full, and supported, access to the whole school curriculum.
- We make every effort to narrow the gap in attainment between vulnerable groups of learners and others and approach this with an explicit growth mindset.
- We focus closely on individual learning steps so we are able to identify strategies that are successful in supporting learning.

2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities
- [The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report

This policy also complies with our funding agreement and articles of association.

3. Definitions

A child or young person aged from 0 to 25 years has special educational needs or disability (SEND) if they:

- have a learning difficulty or disability which makes it much harder for them to learn than other pupils of the same age
- they require special educational provision to be made for them

SEN is a legal term. A detailed description can be found in the SEND Code of Practice (SEN on page 15 and disability on page 16). Or you can read the easy-read version of the SEND Code of Practice from Mencap. <https://www.mencap.org.uk/sites/default/files/2016-08/FINAL%20DESIGNED%20Easy%20read%20SENDreforms%20parents%20v11.pdf>

Special educational provision is educational or training provision that is 'additional to, or different from', that made generally for other children or young people of the same age by mainstream schools.

- Work with the Inclusion Team to determine the strategic development of the SEN policy and provision in the school

4.3 The headteacher is the SENCO in our school

The headteacher has the responsibility of:

- Working with the Inclusion Team and SEN governor to determine the strategic development of the SEN policy and provision in the school
- Have overall responsibility for the provision and progress of learners with SEN and/or a disability

4.4 Class teachers

Each class teacher is responsible for:

- The progress and development of every pupil in their class

- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions
- Working with the Inclusion team to review each pupil's progress and development and decide on any changes to provision
- Ensuring they follow this SEN policy

5. SEN information report

5.1 The kinds of SEN that are provided for

Our school currently delivers provision for a range of needs under the 4 main categories of SEND:

- Communication and interaction: expressive, receptive and social communication
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

5.2 Identifying pupils with SEN and assessing their needs

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages to detail a clear Learning Journey. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers

This may include progress in areas other than academic attainment, for example, social needs.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents/carers. We will use this to determine the support that is needed and whether we can provide it by adapting our core inclusive offer, or whether something 'different or additional is needed'.

5.3 Consulting and involving pupils and parents

We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' concerns and expertise about their child
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and given to their parents.

We will formally notify parents by sharing their child's Individual Education Plan (IEP) when it is decided that a pupil will receive SEN support.

5.4 Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.

The class teacher will carry out a clear analysis of the pupil's needs. This will draw on:

- The teacher's assessment and experience of the pupil
- Their previous progress and attainment and behaviour
- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services, if relevant

The assessment will be reviewed frequently.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will frequently review the effectiveness of the support and interventions and their impact on the pupil's progress.

5.5 Supporting pupils moving between phases and preparing for adulthood

We will share information with the school or other setting the pupil is moving to. We will agree with parents and pupils which information will be shared as part of this.

Transition to another setting for SEND children may include, additional visits, meetings with professionals and parents to ensure that the transition is a smooth and possible and therefore successfully supports the learning journey of the child.

5.6 Our approach to teaching pupils with SEN

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

High quality teaching is our first step in responding to pupils who have SEN. This will be scaffolded using bespoke strategies for individual needs.

We may also provide a range of relevant and useful measured interventions:

5.7 Adaptations to the curriculum and learning environment

We make the following adaptations to ensure all pupils' needs are met:

- Scaffolding our curriculum to ensure all pupils are able to access it, for example, by grouping, work, teaching style, content of the lesson, peer support etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Considering our delivery, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.
